Dear FBC family,

On behalf of my family, I would like to thank everyone for the numerous cards, gifts, and overall love and support that you have given my family this Christmas. I knew when God was moving us to Windsor it would be a blessing for us, but I never imagined the blessing being as large as it has been. I am so thankful to be the pastor of this great church, and I am looking forward to many more years to come. God bless.

In Christ,

Pastor Mike

With winter-weather coming, Teri wanted to remind you that our church has a service through the app Remind that allows us to send text messages to you to let you know when church and church activities are cancelled due to bad weather. If you want to be on this list, or if you aren't sure if you already are, just give the office a call and Teri will see you get that last-minute information before you go out unnecessarily to brave the elements! **Lottie Moon Christmas Offering**

**Goal: \$3,000.00**

**Received: \$2, 180.00**

*Because we are short of our goal, Pastor Mike has extended our offering for the next couple of weeks. Please consider giving if you have not already.*

**One hundred percent of the offering goes to the missionaries, none to administration. This makes this offering one of the better values available for international giving.**

Bob Nations and his son Ron would like to thank everyone who participated in all parts of the Thanksgiving treat bags. The sugar-free goodies were much appreciated by Ron (thanks, Mandy), and Bob enjoyed everything homemade and the bag of nuts!

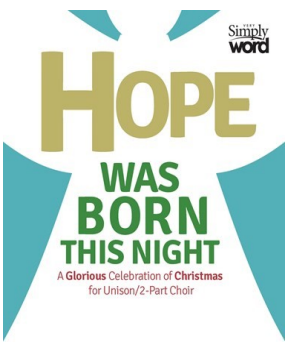

**Don't forget to save the clear plastic top from your Pringles for Mandy!**

**Also, if you'd like to do crafts with Mandy once a month at church, please contact her or the church office.**

***THANK YOU!***

*Thank you to the FBC Choir who blessed us once again with a beautiful Christmas performance. The singing was magnificent, and the vignettes were spectacular. Can't wait until next year to see how you top this!*

A note of thanks from Debbie Barb:

Larry had surgery October 21 to clear 90% blockage of carotid artery on right side. Surgery was successful and he has healed very well. Still has some numbness at site but were told that should improve with time. After his surgery in June for pacemaker/defibrillator, it was found that he was having what they called "extra premature heartbeats" before regular heartbeat which was making his heart work harder--thought he might have to have a procedure to try to take care of that issue. He wore a heart monitor for 14 days in October to see how those heartbeats were registering now. We had tele-computer conference yesterday with the surgeon about the results. In June, those extra heartbeats were happening 20% of the time which was concerning to the doctor. He said that the monitor showed that number is now down to 8%. YAY, good news! Music to our ears. At this time, don't have to do anything further. Will do another heart monitor in three months and see how things are then...

Please express our thanks for the prayers  
Hope you have a Merry Christmas!
